

## Why Metro-Missions?

One third of the population of North America (more than 90 million people) live in the 10 largest metro cities. Half of the population lives in the top twenty-five largest cities. Seventy percent of Canadians live in the 25 largest cities in Canada. Eight out of ten North Americans live in a metro city. Seventy eight percent of Black or African Americans live in metro cities, 84% of Latinos live in metro cities, and 86% of Asians live in metro cities.

There are presently 26 approved Metro areas. Currently, 9 metro missionaries minister in 8 metro cities. The Home Missions Division is now accepting applications for metro missionary appointment. Visit: [www.homemissionsdivision.com](http://www.homemissionsdivision.com) for more information.

# Biography

Born into ministry both Brother and Sister Perry were raised in the homes of preachers. On one side were Sis. Perry's parents, Tim and Carolyn Simoneaux, who founded a church in Louisiana before accepting the call to Tanzania, Africa where they pioneered the work there. Sister Perry attended Texas Bible College before returning to the field to help establish the work that her parents began in Botswana, Africa. She has been heavily involved in children's ministries, ladies ministries, and drama ministries, while assisting in church planting opportunities in the country.

Brother Perry was raised in Bedford, Ohio where his parents, Herbert and Beverly Perry, started a Home Missions work which they now pastor full time. Bro. Perry graduated from Indiana Bible College and returned to serve as a youth minister in

Bedford. While working with the YMCA's youth programs in the Cleveland area, he received word about the start of The Learning Centre School in Botswana, Africa. Volunteering for three months, he traveled to Botswana through the AIM program to assist in the start of a great work there. He has been involved in church planting, led the bible school program, served in multiple administrative capacities, and has a proven track record of success.

The Perry's married in Botswana where both their children, Alex and Alyssa, were born. They continued their ministry in Botswana as self supporting missionaries through the AIM program for nearly fourteen years. This family has recently accepted the call of God on their lives to work with the Metro Missions program in order to see churches established in the New England area of the United States; more specifically, in New Haven, Connecticut, the home of Yale University.

Founded in 1701, Yale University is not only one of the top three academic institutions in the USA, but was founded upon religious princi-

ples. Its motto, Lux et veritas, is Latin for light and truth.

The state of Connecticut can be crossed from furthest point to furthers point in nearly 2 1/2 hours, yet within this small area there are 3.5 million people.

Your partnership with the Perry family is an investment you can count on as they

**New Haven is considered to be the oldest formally planned community in the USA.**

endeavor to bring the light and truth back to this area of our country. Your PIM commitment is for a 3 year period with a possibility of a fourth year being requested if there is still a need.
